

# EXCEPTIONAL DURABLE BEAUTIFUL VITAL

Vital Coat Concrete Sealers and Coatings provide excellent protection for your concrete surfaces from solvents, humidity, salt, acids, oils, impact, abrasion and other wear. They are detergent, cleaner and stain resistant.

Our family of sealers and coatings can be used in such places as processing facilities, production facilities, restrooms, kitchens, machine shops, aircraft hangars, clean rooms, warehouses, auto repair shops, auto dealers, etc.

ECO  
FRIENDLY

Vital Coat prioritizes environment conservation. The use of high performance water-based acrylic polymers allow for the formulation of Vital Coat's acrylic resins without the use of harsh chemical solvents that are typical in acrylic coatings, thus creating an environmentally friendly product.

# WE SELL QUALITY

CONCRETE, PAVER ENHANCING SEALERS

# VITAL COAT

PREMIUM CONCRETE SEALERS

Vital Coat understands that concrete is a strong but vulnerable material. One of the best methods to protect concrete is to apply a protective coating using Vital Coat's V-Series Concrete Sealer. When coating concrete with Vital Coat's water based acrylic concrete sealer, you give many different protective advantages to your concrete such as:

- Barrier Substrate Protection Against Chemicals, Moisture, Oxygen, and Other Materials that Degrade Concrete
- Environmental Shielding from Sun, Rain and Snow
- Mold and Mildew Resistant
- Corrosion Inhibition

## V-100 PREMIUM SEALER

For use on Concrete, Brick, Natural Stone, Pavers & Clay

- 2 Part Acrylic-Epoxy Sealer
- Interior/Exterior Use
- High Performance
- Clear Matte Finish
- Professional Quality
- Vertical & Horizontal Surfaces
